FOREWORD

This listing of state and local government documents in the Montana State Library is intended to help make the collection at the Library accessible and useful to residents of Montana. The State Library has been engaged in the systematic collection of state documents since the enactment of Chapter 261 of the Laws of 1967, R.C.M. 44-132-139. Prior to this date, such publications were acquired by normal acquisition schemes. Following the enactment, a number of gaps in the collection have been filled through the generosity of other libraries which have provided duplicates from their collections, and by various issuing agencies. More recently, some exchange agreements with other states have been set up.

The list is complete to December 18, 1971. Systematic supplements are anticipated.

Publications in this list are arranged by title under the name of the issuing agency. Montana documents, forming the bulk of the collection, are listed first, with documents from other states, municipal and regional governmental agencies listed at the end of the catalog.

It should be noted that annual and biennial reports of the various agencies are listed under the general title of "report". Holdings of periodicals are indicated as "complete" or "incomplete" from the first issue held by the State Library. In many cases the numbering system has been sufficiently irregular that it has not been possible to determine whether the collection is complete. In such cases the periodical is shown as "irregular".

Special thanks for assistance and inspiration in the preparation of this bibliography go to members of the ad hoc Committee on Central Distribution of State Documents of the Montana Library Association. Particularly we mention Josephine B. Self of Eastern Montana College Library, Dennis Richards and Katherine Schaefer of the University of Montana Library, and Harold Chambers and John Coleman of the State Historical Society Library; and for their work in mechanical aspects of preparation of this bibliography, Molly Herrin of the Montana State Library staff, and Kittie Vrooman.
